

EMPATHY MAP

DATE	19 March 2023
NM_ID	B846786EAE21768AFF9430B89CE23DA6
PROJECT NAME	Visualization Tool for Electric Vehicle Charge and Range Analysis

PAIN

The user may find it challenging to calculate their vehicle's range and charging stops manually, which can be time-consuming and prone to error

GAIN

The user can save time and reduce anxiety by using a tool that automates the calculation of their vehicle's range and charging stops, allowing them to plan their trips more efficiently
